PTMD®

THE ACCESSORIES CATALOGUE EDITION 1 2026

PTMD has always been evolving. Just like our collections, our logo has gone through several stages over the years.

Each version carries a piece of our history, but we felt it was time for a logo that truly reflects who we are today and what we stand for.

Our values and priorities are crystal clear: it's all about our customers. That's why, in the new design, the letters of PTMD are placed close together. It symbolizes the way we like to work: staying close to our customers, building strong connections, and always being there for them.

There's also a fun detail hidden in the logo. If you look closely at the 'P', you'll notice a pot integrated into its shape. And not just any pot, but our iconic Bombay pot, one of the most beloved pieces in our collection and a true symbol of PTMD's heritage.

We also kept the typeface from the latest logo, because we didn't want to lose that sense of recognition. However, we refined it, bringing more balance and proportion so it feels modern, fresh, and perfectly aligned with who we are today.

Our new logo is more than just a visual change. It's a reflection of our story, our history, and, most importantly, our relationship with you, our customers. It's familiar yet new. PTMD, evolving, while always staying true to its roots.

We are incredibly grateful for the loyalty and trust of our customers, you are the reason we continue to grow, evolve, and create.

Natural Stones

In this chapter, you'll find unique materials that nature shaped over millions of years, each piece with its own colors, veins, and character.

Onyx, Known for its soft glow and striking veins. Semi-translucent, so every slice lights up differently.

Quartz, Crystal-clear, strong, and naturally patterned. Always unique, never repeating.

Petrified Wood, Ancient wood turned to stone. Rich textures and earthy tones that exist only once.

No two blocks, slabs, or slices are ever identical, every pattern, vein, and color shift is completely unique. That means every product you choose isn't just a material... it's a one-off natural artwork you'll never see again in the exact same form.

Taly Collection

Natural Impact Without the Weight

- The Taly Collection brings the bold, natural look of petrified wood, perfect for creating warm and character-filled interiors.
- The sides are made from high-quality fiberglass, so you keep that authentic appearance while cutting down the weight.
- The lighter build makes each piece easier to move, style, and transport.
- You get the luxurious feel of natural stone, but in a smart, cost-friendly construction that suits every space.

HOW TO USE:

1. Setup:

Set the lamp on a stable, heat-resistant surface, keep it away from flammable materials, and ensure good ventilation

2. Fill:

Remove burner, fill ¾ with lamp/paraffin oil (never gasoline), replace burner.

3. Wick:

Trim the wick and expose about 0.5 cm of the wick and let it soak for 30 minutes before lighting.

4. Light

Light the oil lamp with a match or lighter. A steady flame means correct adjustment; smoke means the flame is too high.

5. Use

Never leave the lamp unattended. Do not move it while burning. Keep children and pets away.

6. Extinguish

Blow out the flame gently, and allow the lamp to cool before storing or refilling

Scented candle

Our scented candles are crafted with luxurious shea butter wax. A natural and eco friendly alternative to traditional paraffin.

By choosing shea butter, we contribute to fair trade and the economic growth of communities in Africa.

The candle is available in two sizes. The small version offers approximately 50 hours of burn time, perfect for cozy evenings or smaller spaces, while the large version delivers an impressive 80 hours of fragrant bliss, ideal for creating an inviting atmosphere in any room.

Fragrance Sticks

Our fragrance sticks offer a simple and natural way to scent your home. Made with pure essential oils, they provide a clean and consistent aroma without synthetic additives. Just like our candles, these fragrance sticks support our focus on quality and sustainability.

The sticks come in a modern design and steadily release fragrance, making them ideal for any room.
